Ethical and Environmental Policy

Ethical And Environmental Policy

Why & What?

- IPEM's Environmental Sustainability Group & Investments
- Trustees commissioned a policy that would act as a framework for decisions
- Investments, operational management, suppliers and contracts

Ethical and Environmental Policy – Outline of changes

- IPEM's level of investments
- How we select our fund manager
- What type of fund we invest in
- How we select suppliers (Contracts over £10,000)

Ethical and Environmental Policy – Outline of changes

-Management practices

- Reduce our environmental impact

- Reduce waste

- Address energy efficiency (Fairmount House)

- Reduce travel/Prioritise public transport (staff and members)

Ethical and Environmental Policy – Outline of changes

- Deliver our Charitable Object in line with our values and in a socially and environmentally responsible manner
- Work with stakeholders where our values align and there is evidence of commitment to CSR
- To be reviewed in 3 years or at any point if the need arises

Thank you

Phil Morgan
Chief Executive

IPEM Institute of Physics and
Engineering in Medicine
